About you.....

Currently, I am working as a leading quality control specialist at Azerbaijan Poultry Company LLC. My education was in chemistry. In my free time, I like to read books, walk, and drive.

Why did you join the BRCGS Professional Programme?

I joined this program to learn the requirements of the global standard in terms of product safety.

What value do you personally feel the BRCGS Professional certification brings to you?

It has helped me be a member of a professional team and to gain new information on product safety.

How has the training helped improve operations at your site/company?

I have been able to apply the new knowledge I have learned to our company, which will help to further improve the safety performance of the product.

What did you most enjoy about the training?

I enjoyed the interactive training by the trainer, which was based on real facts, the positive energy of the trainer who shared his experiences with us, and the professionalism of the trainer.

What are you most looking forward to within the professional community?

I am looking forward to interacting with other professionals, sharing ideas on improving product safety and culture from different industries in different countries in the world.

How do you plan to keep your skills up to date?

By always closely following the innovations, the trainings and the professional programme.

What are your career ambitions/aims?

I want to apply this program more widely in our country, to become a professional food auditor and to convey my knowledge to a wider audience.
